

## Fan Coil Enclosures

Custom-made for any fan coil unit. Covers can be any length, height or depth; free-standing or continuous runs. We manufacture enclosures for new or existing units. **Contact** our engineering department for assistance.

### Standard Features

- Wall-hung units with open bottoms and ends for continuous runs
- End trim fillers for wall-to-wall installation
- Exposed ends fully enclosed
- Floor-mounted units with openings low in front for make-up air flow

### Optional Features

- Capped ends
- Inside and outside corners any angle
- Hinged access doors
- Locking access doors
- Top wall angles
- Adjustable bottom wall brackets
- Offset floor angles
- Tamper-resistant hardware

### Uses and Applications

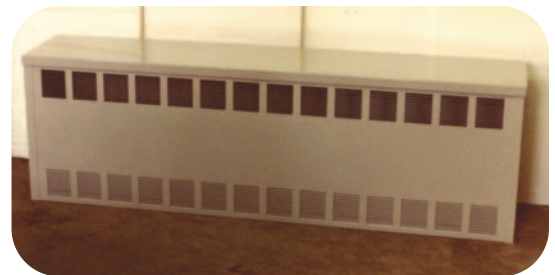

ARSCO fan coil enclosures are well suited to new construction and remodeling projects: schools, institutions, offices, industry, churches, hospitals, libraries.
